KS3 Core PE | Unit Title Y9 Handball

Unit Overview

The handball unit is studied in Year 9. The content delivered to students will be new learning but develop and build on their skills and techniques learnt in other topics such as Basketball.

What your child needs to <u>know</u> and be able to <u>do</u> by the end of this unit of work:

- how to use a variety of passing in the game.
- how to use decision making to choose the correct pass
- how to dribble past an opponent using a feint to outwit them
- how to use tackling to prevent a shot
- how to know the difference between blocking and shooting and what level of contact is acceptable
- how to use counter attacking and moving down the court as a group of 3.
- how to attack the goal from different angles, developing a 3 - man weave to encourage movement around the court

The <u>key vocabulary</u> your child needs to <u>understand</u> in order to access this unit of work

- Feint, weave, counter attack, blocking, unopposed, opposed
